

Inhalt TKM0010, Symmetrie

Inhalt	Bild
<p>Steckbrett mit Steckern und Symmetrieachse</p>	 A photograph of a wooden pegboard with a central vertical axis, placed inside a white box. The board has a grid of 12 rows and 12 columns of holes. The central column is the axis of symmetry. The board is surrounded by colorful pegs: yellow, green, blue, and red. Some pegs are already inserted into the holes.
<p>Steckbrett 2x6 (zum Spiegeln von Punktschriftbuchstaben)</p>	 A photograph of a wooden board with a vertical axis and two columns of holes. The board is used for mirroring point letters. The holes are arranged in a 3x2 grid on each side of the axis. Red pegs are inserted into the top two holes of each column.
